EXPERIENCE

- Process Associate - Corelogic Project, Tata Consultancy Services (Feb 2024 to July 2024 -6 months)
- Worked on the Corelogic project, focusing on Redemption Reporting, ensuring accuracy & compliance.
- My responsibilities included verifying customer details, reporting base and penalty amounts on designated websites and Corelogic console, and calculating total amounts while navigating complex county-specific redemption reporting methods.
- This role required strong attention to detail, adaptability, and regulatory compliance.
- I consistently met or exceeded quality and productivity targets, developed a deep understanding of county-specific requirements, and contributed to process improvements through proactive error identification and resolution.

ACHIEVEMENTS

- Consistently met or exceeded quality & productivity.
- Developed strong understanding of county-specific redemption reporting requirements.
- Contributed to process improvements through proactive identification and resolution of errors.
- Participated in CPP Training in IIT Bombay.
- Prachar Sabha Exams for Hindi Certification (PRATHAMIK, MADHYAMA, RASHTRABASHA, PRAVESHIKA)
